Don't pay anything for this. It would be fine as free DLC as at least you wont be paying for 5mins of stuff you saw in main game, the minimal amount of puzzle in which you are told exactly what to do before doing it. Can agree with all the other negative reviews for this, all of them are spot on.. I bought this at a discount, 1,50 bucks, and it is not worth it. Take it only if you find it for free.

No puzzles, 10 minutes of gameplay, and many cutscenes, most of which are only reused.
