VAC = Valve Allow Cheating. Another "super hard" game that has inconsistent controls making game frustrating. You need to be pixel-accurate, and it's hard considering that controls doesn't feel very intuitive. So you'll need repeat a lot.

Also, there are bugs, with most notable triple-jump (using spacebar and up-arrow at the same time quickly will make you just higher - sometimes it's even higher, like in 5% of triplejumps).

PS: It's not having cards, actually (yet).. pretty good game. Absolute garbage. The third level is just a loop of you falling to your death until you can manage to move off to the left or right, but then you die to spikes when you jump somewhere else. The controls are stupid, you slide around when you move and when you jump, you have a chance of not jumping at all and then falling to your death. The double jump is nonfunctional 80% of the time and when you fall off the side of a block, you catch it with your body, even if you don't want to. The character sprite looks like the giant ghost things you find in the Nether of Minecraft, the background is just a bunch of dark blocks, and the sounds are annoying.

Wouldn't recommend this to anybody. Requesting a refund right now.. One of the worst games i've ever played.

The controls are bad, the game kills you without you hitting spikes (the game just thinks you do) .

Half of the time it bugs so u cant jump, resulting in yet another death.

Horrible game.

10 Cents is to much for this game, maybe if u were payed 5 euro it would be worth it.. I liked the game, but did not master hardcore. If you have strong nerves and straight arms, then try to help Poio collect all the hearts!. Crap controls, crap gameplay, crap mechanics.

pretty good game. If u think ur good at any game u should play this game cause it will ♥♥♥♥ ur mind and I guess u would have range time with this game and it♥♥♥♥♥♥♥♥u off and at this moment u calling this game challenging!. Gr8, ignore the people saying♥♥♥♥♥♥about it.

. MUSIC IS BAD AND THERE IS NO WAY TO TURN IT OFF. IT LITERALLY SOUNDS LIKE MICROPHONES GETTING TOO CLOSE TO EACH OTHER PLEASE DONT PLAY THIS GAME.

ALSO THE CONTROLS ARE CLUNKY. THIS IS A REALLY BAD PLATFORMER. NOT WORTH YOUR 49 CENTS.. In advance, this review was written by two professional game reviewers

Azsnee #Uno: Do you want to have deep depression? Do you want to hang yourself? Do you want to end up on the street with a dirty laptop playing this game? Well you're at the right place!

Azsnee #Dos: SIT YO♥♥♥♥♥♥♥♥ING DONE ♥♥♥♥ THIS ♥♥♥♥♥♥ AS ♥♥♥♥ING GAME, STUPID♥♥♥♥♥♥HITBOX AND THAT 1 PIXEL ♥♥♥♥ING HEAD MAKES HIM LOOK LIKE A ♥♥♥♥ING CONDOM ♥♥♥♥ THIS GAME. MAKE SURE YOU SPEND \$1.00\$ ON SOMETHING BETTER ♥♥♥♥.
